The screenshot displays a patent search application. On the left, a list of patent entries is shown, each with a label (L1-L27), a number in parentheses, and a description. The entry L22, "(5) 21 and (speech or voice)", is highlighted. Below the list are navigation buttons: Drafts, Pending, Active, Failed, Saved, Favorites, Tagged (0), UDC, Queue, and Trash.

On the right, a detailed view of the selected patent (L22) is shown. It includes a search bar with "USPAT" entered, a "Default operator" set to "OR", and a "Highlight all hit terms initially" checkbox. The main text area displays the patent title: "21 and (speech or voice)".

At the bottom, a table lists patent records with columns: U, I, Document ID, Issue Date, Pages, Title, Current OR, Current XRef, Retrieval C, Inventor, B, C, P, S, and US. The table contains five rows of data, including patents by Vetrol, Anthony et al. and Lin, I-Jong et al.
